>>>>~ **MAKE THE QURAN PART OF YOUR LIFE** ~<<<<

Task: Think about the qualities the Quran has and write down how you can apply it in your life.

| The Quran is.... | How can you use it in your life? |
|------------------|----------------------------------|
|                  |                                  |
|                  |                                  |
|                  |                                  |
|                  |                                  |
|                  |                                  |
